Liaison with OSI on Chapters I and NIS Annuals

[REDACTED] phoned today to request that any questions about scheduling and substantive or other matters be directed to him rather than to [REDACTED]

25X1A9A

He commented that [REDACTED] was only the OSI editor and does not have sufficient stature for clearing up matters involving the SIC, etc.

25X1A9A

I don't know whether there is any background on this matter, but told [REDACTED] I would refer his comments to you. If you see no gimmicks it might be a good idea to give him a confirming ring, and to be sure that JM, KH, and any others appropriate are informed.
